OUTPATIENT THERAPY

- All Behavioral Health Outpatient Therapy sessions will be suspended in order to help minimize the exposure of our staff, those we serve and the general public to the COVID-19 virus. Effective March 18, 2020, all regularly scheduled appointments will be suspended and offered services *via phone*.
- Clients who are experiencing an emergent need are to contact our local office and ask to speak with a clinician. Their call will be triaged and an attempt will be made to resolve any needs over the phone.
- We will continue to be staffed and will triage all clients as quickly and efficiently over the phone as possible. Our goal is to keep clients and staff as safe as possible and do our part in helping to reduce the spread of this virus.

OPIOID PERINATAL PROGRAM - Face to Face visits suspended/via phone available
