Sault Tribal Dental Program Operations during COVID-19 Crisis

1. All elective dental care will stop until normal operations resume. Scheduled patients will be contacted and appointments cancelled. Rescheduling of these appointments will occur when it is deemed safe.
2. Patients with a true dental emergency can present to the dental clinics between the hours of 08:00 AM - 11:00 AM for care. Please call ahead if possible to see if the problem should be managed in the clinic.

Definitions:

- **Elective dental care:** all routine and preventative care like cleanings, exams, fillings, crowns, dentures, etc.
- **True dental emergency:** Toothache, pain, swelling, abscess, dental trauma, broken crowns, broken bridges and broken dentures.
